

National 4-H Shooting Sports Joins NSSF's Project ChildSafe® to Emphasize Responsible Firearm Storage

S.A.F.E = SECURE, AWARE, FOCUS, EDUCATE

Secure your firearms

Aware of those around you

Focus on your responsibility

Educate yourself and others

To support the program NSSF will provide a toolkit of materials, including videos, social media tools, tips on safe firearm storage and other resources, that can be distributed among all of 4-H Shooting Sports' state and local program coordinators. Local groups will also be encouraged to work with their local law enforcement agencies to host firearm safety events and distribute free Project ChildSafe gun locks and safety information.

Through partnerships with more than 15,000 local law enforcement agencies and more than 1,000 organizational supporters like 4-H throughout the United States, Project ChildSafe has helped distribute more than 36 million free firearm safety kits to communities in all 50 states and the five U.S. territories.
